The information **MUST** be completed and submitted in [Manage My Booking](#) or on the [British Airways App](#). British Airways will verify the information before passengers can check-in.

In the past, British Airways used to process Manual Declaration Forms, which could be emailed to British Airways. This process is no longer valid.

Subject to all the information and the RT-PCR report being correctly uploaded you should be able to check-in.
3. Once you have your seat number, please complete the Government of India form on – [Air Suvidha](#) Portal. This process is independent and in addition to the submission of forms on [Manage My Booking](#).
